

**SM300**  
*HOTPLATE MAGNETIC STIRRER*

## DESCRIPTION

Ideal for stirring liquid volumes of up to 2 liters. Compact design with temperature probe for precise heating control. It is widely used in microbiology and quality control laboratories, hospitals, universities, etc.

TECHNICAL PARAMETERS	
MAXIMUM STIRRING QUANTITY (H <sub>2</sub> O)	WORK PLATE MATERIAL
2 L	Stainless steel
HEATING TEMPERATURE RANGE	WORK PLATE DIMENSIONS
RT to 300°C	135 x 135 mm
STIRRING POSITIONS	DIMENSIONS
1	230 x 180 x 120 mm
SPEED RANGE	WEIGHT
0 to 1250 rpm	2.2 kg
TIMER RANGE	POWER
0 to 999 min	380 W
DISPLAY	POWER SUPPLY
LCD	AC 110V, 60 Hz

### KEY FEATURES

- LCD display which provides clear viewing of parameters.
- Strong magnetic coupling.
- Simple operation, intuitive control panel.

### STANDARD ACCESSORIES

- Magnetic stir bar
- Temperature probe
