

**DISPENS-MATE-PRO**  
*BOTTLE-TOP DISPENSER*

## DESCRIPTION

Bottle-Top Dispensers are essential tool to dispense a variety of liquid reagents as solvents, acids, alkalis, or saline solutions. Ideal for handling liquid in quality control, biotechnology, biology, microbiology, and clinical laboratories, chemical analysis, hospitals, universities, and research institutes.

### TECHNICAL PARAMETERS

CATALOGUE NUMBER	VOLUME RANGE	GRADUATION	ACCURACY $\leq$	COEFFICIENT OF VARIATION $\leq$
7032111001	0.5 - 5 mL	0.1 mL	$\pm 0.5\%$ $\pm 25 \mu\text{L}$	$\pm 0.2\%$ $\pm 10 \mu\text{L}$
7032111002	1 - 10 mL	0.2 mL	$\pm 0.5\%$ $\pm 50 \mu\text{L}$	$\pm 0.2\%$ $\pm 20 \mu\text{L}$
7032111003	2.5 - 25 mL	0.5 mL	$\pm 0.5\%$ $\pm 125 \mu\text{L}$	$\pm 0.2\%$ $\pm 50 \mu\text{L}$
7032111004	5 - 50 mL	1.0 mL	$\pm 0.5\%$ $\pm 250 \mu\text{L}$	$\pm 0.2\%$ $\pm 100 \mu\text{L}$
7032111005	10 - 100 mL	2.0 mL	$\pm 0.5\%$ $\pm 500 \mu\text{L}$	$\pm 0.2\%$ $\pm 200 \mu\text{L}$

### KEY FEATURES

- Great versatility due to different bottle thread adapters.
- Smooth piston design provides effortless dispensing.
- Scale for volume selection with blue slide and interior toothed track provides clear visibility and precise volume adjustment.
- Large viewport on discharge tube allows continuous control of liquid level.
- High chemical resistance of all dispensing components.
- Adjustable aspirating tube for different height bottles.
- Closure cap screw design easy to open/close and free of contact with reagents.
- Easy to disassemble and clean, minimal maintenance.
- Reagent recovery function reduces reagent waste.

### STANDARD ACCESSORIES

- Adjustable filling tube
- Bottle thread adapters (GL25, GL28, GL32, GL38 and S40)
